Why This Book Was Written?  
Hunting for a good beginner-level book on options trading can be a very frustrating endeavor. Many of the books that are labeled "introduction to..." or "...for beginners" are written by high-level brokers or academics who have an annoying habit of talking over their readers' heads and diving headfirst into Wall Street jargon without taking the time to properly explain the basics. On the flip side, since options trading is such a

# Read PDF Beginners Guide To Options John Carter

fertile niche for new ideas, every John Doe and his brother has written a book on options trading, and, unfortunately, an enthusiastic options trader doesn't necessarily make a good writer. Advice from these writers can be not only confusing but also misleading and the results of following said advice can be alarming if not disastrous. This book, however, was written with the goal of maximizing clarity and readability, all while providing an extensive look at the fundamentals of options trading. You should be more than ready to make your first few trades after

Mutual-fund superstar Peter  
Lynch and author John  
Rothchild explain the basic  
principles of the stock  
market and business in an  
investing guide that will  
enlighten and entertain  
anyone who is high-school  
age or older. Many  
investors, including some  
with substantial portfolios,

# Read PDF Beginners Guide To Options John Carter

have only the sketchiest idea of how the stock market works. The reason, say Lynch and Rothchild, is that the basics of investing—the fundamentals of our economic system and what they have to do with the stock market—aren't taught in school. At a time when individuals have to make important decisions about saving for college and 401(k) retirement funds, this failure to provide a basic education in investing can have tragic consequences. For those who know what to look for, investment opportunities are everywhere. The average high-school student is familiar

with Nike, Reebok, McDonald's, the Gap, and the Body Shop. Nearly every teenager in America drinks Coke or Pepsi, but only a very few own shares in either company or even understand how to buy them. Every student studies American history, but few realize that our country was settled by European colonists financed by public companies in England and Holland—and the basic principles behind public companies haven't changed in more than three hundred years. In *Learn to Earn*, Lynch and Rothchild explain in a style accessible to anyone who is high-school

# Read PDF Beginners Guide To Options John Carter

age or older how to read a stock table in the daily newspaper, how to understand a company annual report, and why everyone should pay attention to the stock market. They explain not only how to invest, but also how to think like an investor.

Do you want to learn options trading easy investment strategies and how much money you can make? Do you want to know how to get started? Money, money, money! We all know so much about money, but maybe so little about making it let alone making money online. For some people, it's till a
