Canon PowerShot A720 IS Concise Review. The PowerShot A720 IS is a minor update to the A710 IS and is the latest in Canon's popular 'A-series' of cameras offering a strong feature set and good degree of user control at a competitive price. It isn't the smallest or most powerful camera in the World, (or even in the Canon range), but it does a little bit of everything and gives a good degree of control over what the camera is doing, if you want it.
