Battlefield V is Basically Dead and EA Can't Do Anything About it Battlefield V Isn't Doing That Well The Battlefield game series was doing very well for a while thanks to Battlefield 1 which outsold its main competition Call of Duty: Infinite Warfare by a long shot and quickly became a fan favorite. At a time when gamers wanted a break from all of the shooters set in space, EA released a ...

Battlefield 5 Free DLC For Halloween Revealed, And It's ...

[A]fter passing over a little river, we arrived at the famous battlefield [Borodino], covered all over with the dead, and with debris of all kinds. Legs, arms, and heads lay on the ground. Most of the bodies were Russians, as ours had been buried, as far as possible; but, as everything had been very hastily done, the heavy rain had uncovered many of them.

Explores supernatural encounters from around the world featuring first-hand accounts from eyewitnesses of ghost and poltergeist sightings, possessions, Mothmen, demons, witchcraft and haunted places and offers the latest attempts by science to explain the unexplainable. Original. 35,000 first printing.

This was the first ethnography of gay life in contemporary India. It talked about the early age of the internet in the country and the creation of online-offline gay communities from the mid-1990s to the mid 2000s. The anniversary edition has chapters from leading global scholars about the continuing importance of the book, as well as an updated preface from the author. It has an interview as an afterword that talks about the path ahead for queer rights in India, in the context of the recent Supreme Court judgement decriminalizing homosexuality.

This collection of 11 plays, from North America, the U.K., and South Africa—many published here for the first time—delves into the vibrant, cosmopolitan theatre of the South Asian diaspora. These original and provocative works explore the experience of diaspora by drawing on cultural references as diverse as classical Indian texts, adaptations of Shakespeare and Homer, current events, and world music, film, and dance. Neilesh Bose provides historical background on South Asian migration and performance traditions in each region, along with critical introductions and biographical background on each playwright. Includes works by Anuvab Pal, Aasif Mandvi, Shishir Kurup, Rahul Varma, Rana Bose, Rukhsana Ahmad, Jatinder Verma, Sudha Bhuchar and Kristine Landon-Smith, Ronnie Govender, Kessie Govender, and Kriben Pillay.

Bollywood Horrors is a wide-ranging collection that examines the religious aspects of horror imagery, representations of real-life horror in the movies, and the ways in which Hindi films have projected cinematic fears onto the screen. Part one, “Material Cultures and Prehistories of Horror in South Asia” looks at horror movie posters and song booklets and the surprising role of religion in the importation of Gothic tropes into Indian films, told through the little-known story of Sir Devendra Prasad Varma. Part two, “Cinematic Horror, Iconography and Aesthetics” examines the stereotype of the tantric magician found in Indian literature beginning in the medieval period, cinematic representations of the myth of the fearsome goddess Durga's slaying of the Buffalo Demon, and the influence of epic mythology and Hollywood thrillers on the 2002 film Raaz. The final part, “Cultural Horror,” analyzes elements of horror in Indian cinema's depiction of human trafficking, shifting gender roles, the rape-revenge cycle, and communal violence.

May 3, 1913—a historic day in the history of Indian Cinema. India's first indigenous silent film Raja Harishchandra was released at the Coronation Cinema in Mumbai. This lay the foundation of what, in time, would grow to become the largest film-producing industry in the world. Spanning a wide range of decades, genres, and style, the Bollywood film culture in all its glory is a wonderful thing. Of the hundreds of great hits it has given, some have attained an aura of unparalleled respectability because, overtime, they continue to draw viewers in multitudes for weeks, months, and even years. Bless You Bollywood is an endeavor to pay tributes to the tallest among movie makers, artistes, composers, lyricists, and scriptwriters down the decades for contributing their extraordinary caliber to Bollywood.

Bollywood Baddies is the first-of-its-kind book-length narrative of villainy in Hindi films. It discusses villains, vamps, and henchmen of Bollywood cinema, and also the actors who essayed such characters over the decades. The author discusses not just villains but also the evaluation of villainous characters vis-à-vis sociopolitical conditions in the country. The narrative begins with Ashok Kumar's negative role in Kismet as early as 1943, and goes up to the Agneepath remake (2012), where Sanjay Dutt plays Kancha Cheena, earlier essayed by Danny Denzongpa in the original. In between, it discusses all major villains, from Lala Sukhram (Mother India) to Gabbar (Sholay) to "Lion" Ajit (Kalicharan) to Mogambo (Mr. India), and many others. While keeping villains in the focus, it also discusses popular henchmen and vamps, like M B Shetty, Sharat Saxena, Nadira, Bindu, Helen, among others, to understand the dimension of the villains' empire. After all, it's our villains who make our protagonist the hero we all admire. An engrossing read, this book is for every film buff.

In the world of Friday releases teeming with wannabes, the body of a starlet named Jeanie would have gone unnoticed. But what follows is a series of killings of young aspiring actresses—each more gory and perverse than the last—that has the police stumped. Kas Batterywalah, a disgraced former cop, is like a fish out of water when he's not working on a case. Kassatta, a suspended military doctor, is not supposed to be in his life. And yet they are working

together, in Mumbai, wading through the scandalous lives of the top stars, their perversions and sinister games, and racing against time to connect the dots. With more twists and turns than a roller coaster, Bollywood Deception is a thrilling, unputdownable read.

A unique collection of interviews, reviews and behind the scenes articles selected from the works of Fuad Omar and his writings on the Indian film industry.

This study tracks the evolution of 'Bollywood style' in popular Indian cinema between 1991 and 2004. In addressing the social, political and economic implications of this cinematic revolution, Basu finds the frontier of modernisation in the subcontinent today and explains how some features of Bollywood can actually be connected to conservative Brahminical imaginations of class, caste, or gender hierarchies. This comprehensive account of present-day India caught between brave new silicon valleys and farmer suicides will appeal to academics and students alike across a broad range of disciplines, including film, cultural and postcolonial studies.

While we have become familiar with the idea of "Bollywood" here in the West, we know little about the industry's films beyond a certain celebration of kitsch. Bollywood, the latest in Wallflower Press's Short Cuts introductory series, surveys this style of filmmaking from its origins in colonial times to the present, tracing its impact on both the Indian and global imagination. Chapters explore the history and workings of the industry, the narratives and aesthetics of its films, varieties within the genre, the cultural connotations of specific characters, its larger-than-life stars, and its hybrid and surprising fan cultures. Readings of popular and widely available films illustrate the importance of the cinema's conventions, which range from romantic clichés to a constant negotiation between tradition and modernity.
