Devil's Guard, by George Robert Elford published in 1971, is the story of a former German Waffen-SS officer's string of near-constant combat that begins on World War II 's eastern front and continues into the book's focus—the First Indochina War, as an officer in the French Foreign Legion. The highly trained one-time Nazis tip the scales in French favor as they easily defeat their Vietnamese opponents with minimal casualties all the while. The various factual aspects of the time-frame appeals to the reader, the few discrepancies notwithstanding.

I believe 'Devils Guard' was based on truth but, I find 'Unconditional Warfare' a little far-fetched. Elford does show a lot of imagination in using Gliders and Lewisite to combat the VC. One thing is for certain if the US had used these tactics the Vietnam war would have been over a lot sooner.
