Ancient China also boasts the longest lasting empire in history. It began with the Qin dynasty and the first emperor Qin who united all of China under one rule in 221 BC. Emperors would continue to rule over China for more than 2000 years.

In 221 bc the First Emperor of Qin unified the lands that would become the heart of a Chinese empire. Though forged by conquest, this vast domain depended for its political survival on a fundamental reshaping of Chinese culture. With this

propagation of Confucian ideals; the flourishing of the great families, whose domination of local society rested on wealth, landholding, and elaborate kinship structures; the demilitarization of the interior; and the impact of non-Chinese warrior-nomads in setting the boundaries of an emerging Chinese identity. The first of a six-volume series on the history of imperial China, *The Early Chinese Empires* illuminates many formative events in China's long history of imperialism--events whose residual influence can still be discerned today.

The Tang dynasty is often called China's "golden age," a period of commercial, religious, and cultural connections from Korea and Japan to the Persian Gulf, and a time of unsurpassed literary creativity. Mark Lewis captures a dynamic era in which the empire reached its greatest geographical extent under Chinese rule, painting and ceramic arts flourished, women played a major role both as rulers and in the

economy, and China produced its finest lyric poets in Wang Wei, Li Bo, and Du Fu.

After the collapse of the Han dynasty, China divided along a north-south line. Lewis traces the changes that underlay and resulted from this split in a period that saw China's geographic redefinition, more engagement with the outside world, significant changes to family life, literary and social developments, and the introduction of new religions.

Shows how recent archaeological discoveries have enriched our perception of the cultural history of China in the Classical era.

In the Later Han period the region covering the modern provinces of Gansu, southern Ningxia, eastern Qinghai, northern Sichuan, and western Shaanxi, was a porous frontier zone between the Chinese regimes and their Central Asian neighbours, not fully incorporated into the Chinese realm until the first century BCE. Not surprisingly the region had a large concentration of men of martial background, from which a regional culture characterized by warrior spirit and skills prevailed. This military elite was generally honoured by the imperial centre, but during the Later Han period the ascendancy of eastern-based

scholar-officials and the consequent increased emphasis on civil values and demilitarization fundamentally transformed the attitude of the imperial state towards the northwestern frontiersmen, leaving them struggling to achieve high political and social status. From the ensuing tensions and resentment followed the capture of the imperial capital by a northwestern military force, the deposing of the emperor and the installation of a new one, which triggered the disintegration of the empire. Based on extensive original research, and combining cultural, military and political history, this book examines fully the forging of military regional identity in the northwest
