Using gamification to incentivize your employees can turn those unsettling numbers around and—more importantly—make your staffers feel like they’re in a good place again. This is because gamification helps you emphasize the kinds of behaviors and processes you want to see.

~~How to Motivate Employee Performance With Gamification~~

Some common elements of gamification that productivity apps are using include: Reward system – Apps use points, coins, and other items to reward a user whenever he or she accomplishes specific activities within the game. Challenges – In apps, as in games, challenges can be in the form of quests, puzzles, riddles, missions, etc.

~~9 Best Gamification Apps to Improve Your Life~~

Gamification was created around the concept of motivational psychology. Brian Burke’s book “Gamify: How gamification motivates people to do extraordinary things” breaks down the three core values of successful gamification initiatives in order to motivate users into the participation of an activity as being; Autonomy, Mastery and Purpose.

~~7 Common Myths About Gamification - Gamify.com~~

1) Autonomy Autonomy is the need to direct your own life and work. To be fully motivated, you must be able to control... 2) Mastery Mastery is the desire to improve. If you are motivated by mastery, you'll likely see your

potential as being... 3) Purpose

~~The Gamification principles within Daniel Pink's Book, Drive~~

The idea of gamification at work is a highly misunderstood one. Leaders and human resources professionals feel that gamification is all about points or leaderboards, or about developing expensive mobile apps. It is NOT! It's about Motivation Psychology which leads to specific behaviours that ultimately lead to employee engagement and improved company culture.
