Our society is brimming with people suffering the effects of past abuse, rejection, physical illness, bad choices, and unhealthy relationships. Author and radio personality Norma Dearing has spent thousands of hours listening to and praying with those in need of emotional, physical, or spiritual healing. In The Healing Touch, she shares stories from countless people who have been set free from unhealthy relationships, unholy unions, addictions, generational influences, and physical illnesses associated with these. The Healing Touch is divided into three sections: Healing our Relationship with God, How to Have a Right Relationship with God, and Living within a Right Relationship with God. Packed with wise counsel, the book includes specific prayers for healing in the reader's own life and prayer for others in need. Dearing also covers rarely addressed problems such as healing from occult experience and pre-birth traumas, and explores the issue of why some people are not healed. This handbook is for counselors, lay leaders, pastors, and individuals who want to see people delivered from the unnatural ravages of hurt and sin. It is a powerful reminder that God longs for his people to be healthy and whole.

A guide to working with the chakras to heal emotional wounds, release physical tensions, explore psychic abilities, and awaken spiritual energies • Explores each chakra on the physical, psychological, psychic, and spiritual level and explains how the chakras can be understood as an embodied map of the psyche, linked with different stages of development • Details the author ' s system of Chakra Therapy, which integrates healing touch with chakra visualizations • Offers practical exercises to nourish and support each chakra as well as practices for daily chakra maintenance In this in-depth guide to working with the chakras, author Glen Park draws on her decades of experience as a Chakra Therapist to explain how the chakras can be understood as an embodied map of the psyche, with each chakra representing a different stage of development from infancy and childhood through adulthood, with the Heart Chakra playing a central role in awakening the spiritual potential of the upper chakras. She examines each chakra individually on the physical, psychological, psychic, and spiritual level, as well as through the lens of the solar (masculine) and lunar (feminine) channels. She shows how the connections between the chakras and developmental stages are paralleled in the findings of Western psychology and neuroscience and how our collective expressions of the chakras influence cultural trends in society. The author ' s system of Chakra Therapy integrates healing touch with guided chakra visualizations, offering practical exercises to nourish and balance each chakra so it can be integrated and in harmony with the entire chakra system. She explores how to work with the Heart Chakra for deep transformation and self-healing, including healing emotional wounds from childhood and enabling the psychic and spiritual levels of the Throat and Eye Chakras to develop, with the potential of opening to the divine realm of the Crown Chakra. Sharing case studies from her Chakra Therapy practice, she shows how we gain a richer understanding of ourselves both mentally and physically by working with the chakras, opening ourselves to the potential for deep soul growth and transformation.

Through 5 practical steps, Dr. Judith Orloff's guide will show you how to recapture, nurture, and affirm your intuitive ability, so that you can utilize it to help heal yourself. In her groundbreaking book, Dr. Orloff leads readers to the heart of a radical revolution in health care: the union of medicine and intuition, of body, mind, and soul. Intuition plays an indispensable role in self-diagnosis, pain control, immune response, and recovery from acute and chronic illness; it can lead you to breakthroughs in anxiety, panic, depression, and other emotional blockages, even when traditional psychotherapy has failed. Intuition also offers insights into the use of medications and the selection of the right healer for your needs. Further, it is integral for sexual healing, since sexuality is a potent connector and energy source for clarifying spirituality and improving vitality. With Dr. Orloff's five practical steps, you'll learn to clarify your beliefs, listen to your

body's messages, access inner guidance, sense subtle energy, and interpret your dreams. Practicing the steps, you'll recognize early warning signals and act on them to help prevent illness. You'll have skills to uncover important information from meditation and remote viewing (a way of intuitively tuning in) to make sense of confusing signals. The insights you'll gain from these tools will lend reason, compassion, and meaning to events such as illness, loss, or despair. Following Dr. Orloff's simple, clear instructions, illustrated with examples from her own experience and psychiatric practice, you'll recapture a sense of vision that will bring vibrance to all that you do. "Our intuition can open us up to our spirituality and show us how to be more healthy and whole," writes Dr. Orloff. "If you're in good health, you'll want to know about intuition because it can help you stay well and recognize messages that prevent illness. If you or your loved ones need healing, you'll also want intuition to show the way." Written with abundant warmth, humor, and compassion, this guide is your companion to a healthier, more fulfilling life.
