To make classic Yorkshire pudding, you'll want to mix a cup of milk, a cup of all-purpose flour, and 2 eggs together in a large bowl. Add $\frac{3}{4}$ teaspoon of salt and mix it well with a whisk. Once it's mixed well, cover the bowl and let it cool in the fridge for about 45 minutes. Preheat oven to 400°F.

You can make it with low fat milk or whole milk, just not fat-free milk. I usually make mine with 1% low fat milk but I had some whole milk left over this week from making my chicken pot pie, and homemade pudding is richer tasting when made with whole milk. Of course it won't be as low in fat but I will take butterscotch pudding any way I can.

How does an engineer by education and heart turn into a sales and marketing person, who eventually writes a cook book as he heads into retirement? I was an engineer that eventually steered my career into sales and marketing. This had me traveling all over the country and eating and entertaining in some of the finest restaurants this Country has to offer. I

actually got paid for eating great meals in some of the best restaurants in the United States. I never thought or even dreamed of cooking until I became unemployed many years later. This is when I started watching Rachael, Giada and the other food network shows. I was able to find my new passion for cooking. I started to embellish upon those same recipes and enhanced them even more. I got more ideas while eating in some of the local restaurants in Massachusetts. I tried to cook some of those dishes. I also got some recipes and ideas from talking to

Desserts who also enjoy good food and cooking. I started to bring some of my meals to work for my friends to try. They have been the ones that encouraged me to write this cook book. Every one of the meals that I brought in was given outstanding reviews. I only hope that you will like these easy tasty recipes and enjoy them as much as we have. Remember, most of these can be cooked in less than a half hour, and in most cases all of these recipes include the prep time for that half hour.

British Bake Off: Bake It Better are the 'go to' cookery books which gives you all the recipes and baking know-how in one easy-to-navigate series.

Hello my name is Scott R. Taylor. For many years I have wanted a cook book that not only gives me recipes but shows and tells me the things I need to know to make food items I could be proud to serve. So I decided to make my own. One of the things I love in life is to eat good food. When I'm growing up, mom and dad's along with grandmas cooking was always the world's best and in my mind nobody could

top them. I was born in the early 1950's in a middle class family on the south side of Chicago. Father was from Tennessee and Mother from Ohio. So that gave me my first look at fusion cooking as I knew it. By the time I hit my early teens, I learned I could not eat out every meal, so I desired to learn to cook. My passion for food grew into a 45 year career. By trial and error, cooking with other chefs, learning from friends and trying many types of cooking jobs, I have learned something new. As many of us do many things in our life, my time in the Navy, working in diners, fine food, major

hotels, off shore oil rigs and even retirement homes have taught me every aspect of food. I could not afford to go to culinary school so I learned by doing. Read a cook book, taste the spices, ask friends, but if you like to cook and eat - GET UP AND DO IT. Living in Las Vegas to me is the best. World class food and chefs, food from around the world. This is good life for me. I hope you enjoy this book and that it answers what or want to know about cooking. Please enjoy cooking, eating and life the way that I have.

Britain's top selling cookery writer shares tried

and tested recipes for pressure cookers. Slow-cooked flavor in a fast-paced world—pressure cookers are one of the greenest cooking methods imaginable. Sales are on the increase and even Jamie Oliver has launched one of his own. They allow us to cook quickly, cheaply, and efficiently because the food is cooked in liquid at temperatures far higher than in a conventional pan, which shortens cooking time by up to 70 percent. Because the method seals in flavor, cheaper ingredients can be used to great effect and since the cooking time is far shorter you save time

and gas or electricity. The pressure cooker presents a distinct advantage for certain foods and for ingredients that need long cooking, it is a real winner. The most dramatic time and energy savings come with meat and poultry. Braised beef can be perfectly cooked in 30 minutes, osso bucco in 25 minutes, and a chicken tagine in 15 minutes. Perfect for today's cooks.
