A stunning debut; a Departures original publication. The ultimate survival story; a wild ride—the wildest—down a South American river in the thick of the Amazon Basin; a true and thrilling adventure of a young married couple who survive a plane crash only to later raft hundreds of miles across Peru and Bolivia, ending up in a channel to nowhere, a dead end so flooded there is literally no land to stand on. Their raft—a mere four logs—separates them from the piranha-and-caiman-infested water until they finally realize that there is no way out but to swim. Vintage Original. Holly FitzGerald and her husband, Fitz—married less than two years—set out on a yearlong honeymoon adventure of a lifetime, backpacking around the world. Five months into the trip their plane crash lands in Peru at a penal colony walled in by jungle, and their blissfully romantic journey turns into a terrifying nonstop labyrinth of escape and survival. On a small, soon-ravaged raft that quickly becomes their entire universe through dangerous waters alive with deadly animals and fish, their only choice: to continue on,

despite the rush of insects swarming them by day, the sounds of encroaching predators at night. Without food or means of communication, with no one to hear their cries for help or on a search-and-rescue expedition to find them, the author and her husband make their way, fighting to conquer starvation and navigate the brute force of the river, their only hope for survival, in spite of hunger and weakening resolve, to somehow, miraculously hang on and find their way east to a large riverside town, before it is too late. . . .

This dinosaur preschool activity is a set of dot-to-dot dinosaur Perfect for preschool, kindergarten, and even 1st graders and toddlers! dot to dot activity perfect for your dinosaur theme! If your kids love dinosaurs, then this dot to dot activity will be extra fun!

This 4th Asia-Pacific edition of Fundamentals of Management maintains its comprehensive theoretical base while bringing the challenges of management to life with hundreds of real-world examples

More than twenty years have passed since Walter Auffenberg's monumental The Behavioral Ecology of the Komodo Monitor. In the intervening years the populations of Komodo dragons—native only to a handful of islands in southeast Indonesia—have dwindled, sparking intensive conservation efforts. During the last two decades new information about these formidable predators has emerged, and the most important findings are clearly presented here. A memoir from Walter Auffenberg and his son Kurt is followed by the latest information on Komodo dragon biology, ecology, population distribution, and behavior. The second part of the book is dedicated to step-by-step management and conservation techniques, both for wild and captive dragons. This successful model is a useful template for the conservation of other endangered species as well, for, as Kurt and Walter Auffenberg note, "The species may well indeed survive in the wild for generations to come while countless other organisms are lost."

Happy Halloween, this halloween theme notebook is specially for halloween Lovers. Scary Pumpkin Jack O'Lanterns theme 6x9, 120 pages Notebook is best gift for haloween lover friends and family members. Get this notebook for your Halloween obsessed Squad.

??? Enjoy a beautiful Christmas with these heart-warming scenes and winter landscapes! ???Are you looking for a seasonal coloring book to get you into the Christmas spirit? This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Title Information: Weather: Weather explains the ways that different weather patterns form. Content vocabulary: atmosphere, breeze, clouds, crystals, dew, evaporates, fog, frost, gale-force, gas, hail, heat waves, liquid, rain, snow, snowflakes, storms, sun, temperature, weather, wind Key concepts: There are many different types of weather conditions. Changes in the weather are brought about by changes in the atmosphere. Some types of weather can be dangerous. Reading Strategies: Linking graphics and visual images to the written text Related resource: Lesson Plan - Weather Series Information: WorldWise is a high-interest literacy program that encourages inquiry and questioning while extending knowledge in science and a range of STEM topics linked to the curriculum. This engaging program teaches reading strategies simultaneously with natural, earth and physical science concepts - reflecting the diversity of the world students live in. Students will develop strategies and skills to read informative texts across a range of text types while they learn to become informative text writers. With an assortment of text types on offer, themes and concepts are introduced and revisited across the reading stages, building on initial concepts with increasing complexity. WorldWise Lesson Plans support each Student Book, offering practical, systematic and easy-to-implement instructions. These visually appealing resources integrate

oral language, vocabulary development, fluency and comprehension, writing and phonics. WorldWide Investigations is a web-based tool that provides extension activities for titles in the program. It encourages exploration of content linked to curriculum outcomes in a deeper more hands-on way. Students are supported with a framework that encourages investigation and inquiry. This series is supported by an array of teacher resources which can be obtained by visiting www.worldwise.com.au
