Other Colors: Essays and A Story by Orhan Pamuk

Having loved Nobel Prize winning author Orhan Pamuk's MY NAME IS RED, I was eager to read his book, OTHER COLORS: ESSAYS AND A STORY. It was interesting to pop in and out of both his autobiographical and observational essays about other novelists and about being a novelist himself, and although less engrossing for me than RED, as is often the case with essays, I found much of value in it.

Review: Other Colours by Orhan Pamuk | Books | The Guardian

In an essay on the Peruvian writer Mario Vargas Llosa in *Other Colors*, Pamuk writes, "It is clear . . . that there is a sort of narrative novel that is particular to the countries of the Third World. Its originality has less to do with the writer's location than with the fact that he knows he is writing far from the world's literary centers and he feels this distance inside himself" (page 168).

with his daughter. Ordinary events—applying for a passport, the death of a relative—inspire extraordinary flights of association as the novelist reflects on everything from the child's state of being to divergent attitudes towards art in the East and West. Illustrated with photographs, paintings and the author's own sketches, *Other Colors* gives us Orhan Pamuk's world through a kaleidoscope whose brilliant, shifting themes and moods together become a radiant and meaningful whole.

A portrait, by turns intimate and panoramic, of one of the world's great cities, by its foremost man of letters. Blending reminiscence with history; family photographs with portraits of poets and pashas; art criticism, metaphysical musing, and, now and again, a fanciful tale, Pamuk invents an ingenious form to evoke his lifelong home, the city that forged his imagination. He begins with his childhood, his first intimations of the melancholy awareness of living in the seat of ruined imperial glories, in a country trying to become "modern" at the crossroads of East and West. Against a background of shattered monuments, neglected villas, ghostly backstreets, and, above all, the fabled waters of the Bosphorus, he charts the evolution of a rich imaginative life, which furnished a daydreaming boy refuge from family discord and inner turmoil, and which would continue to serve the famous writer he was to become. --From publisher description.

From the Nobel Prize-winning novelist, an inspired, thoughtful, and deeply personal book about reading and writing novels. In this fascinating set of essays, based on the talks he delivered at Harvard University as part of the distinguished Norton Lecture series, Pamuk presents a comprehensive and provocative theory of the novel and the experience of reading. Drawing on Friedrich Schiller's famous distinction between "naïve" writers—those who write spontaneously—and "sentimental" writers—those who are reflective and aware—Pamuk reveals two unique ways of processing and composing the written word. He takes us through his own literary journey and the beloved novels of his youth to describe the singular experience of reading. Unique, nuanced, and passionate, this book will be beloved by readers and writers alike.

In the seventeenth century, a young Italian scholar sailing from Venice to Naples is taken prisoner and delivered to Constantinople, into the custody of a scholar known as Hoja—'master'—a man who is his exact double. Hoja wonders, given the knowledge of each other's most intimate secrets, if they could actually exchange identities. Set in a world of magnificent scholarship and terrifying savagery, *The White Castle* is a colourful and intricately patterned triumph of the imagination.

Nobel Prize-winning Turkish author Orhan Pamuk. Despite being ranked alongside Marquez, Cortazar, Calvino, Borges and Eco, Pamuk is yet to receive due critical attention in the Anglophone world, where he has millions of readers. This book takes the reader on a fascinating ride through Pamuk's novels from *The Silent House*, written in the early Eighties, to the recently published *The Red Haired Woman*. The nine novels that form the focus of this study straddle a period of more than three decades that witnessed the emergence of Pamuk as Turkey's foremost novelist and a master fabulist. The book details the chemistry of the thematics and architectonics of Pamuk's craft in a style shorn of dry pedantry and jargon trotting. Examining the intricate pattern of his creative topography in the light of theories ranging from psychoanalysis to spectral criticism, it represents a timely and illuminating contribution to the study of contemporary fiction.

The Sultan secretly commissions a great book: a celebration of his life and the Ottoman Empire, to be illuminated by the best artists of the day - in the European manner. In Istanbul at a time of violent fundamentalism, however, this is a dangerous proposition. Even the illustrious circle of artists are not allowed to know for whom they are working. But when one of the miniaturists is murdered, their Master has to seek outside help. Did the dead painter fall victim to professional rivalry, romantic jealousy or religious terror? With the Sultan demanding an answer within three days, perhaps the clue lies somewhere in the half-finished pictures . . . From Turkey's winner of the Nobel Prize and author of *Istanbul and The Museum of Innocence*, this novel is a thrilling murder mystery set amid the splendour of Istanbul and the Ottoman Empire. Part fantasy and part philosophical puzzle, *My Name is Red* is also a stunning meditation on love, artistic devotion and the tensions between East and West.

What are the roots of creativity? What makes for great leadership? How do influential people end up rippling the surface of history? In this collection of essays, Walter Isaacson reflects on the lessons to be learned from Benjamin Franklin, Albert Einstein, Bill Gates, Henry Kissinger, Ronald Reagan and Mikhail Gorbachev, Hillary Clinton and Bill Clinton, and various other interesting characters he has chronicled as a biographer and journalist. The people he writes about have an awesome intelligence, in most cases, but that is not the secret of their success. They had qualities that were even more rare, such as imagination and true curiosity. Isaacson reflects on how he became a writer, the lessons he learned from various people he met, and the challenges he sees for journalism in the digital age. He also offers loving tributes to his hometown of New Orleans, which both before and after Hurricane Katrina offered many of the ingredients for a creative culture, and to the Louisiana novelist Walker Percy, who was an early mentor. In an anecdotal and personal way, Isaacson describes the joys of the "so-called writing life" and the way that tales about the lives of fascinating people can enlighten our own

lives.

NAMED A MOST-ANTICIPATED BOOK OF THE YEAR BY THE MILLIONS Set in a changing Istanbul, this rediscovered 1940s classic from a pioneering Turkish author tells the story of a forbidden love and its consequences. Raised by her grandmother in one of the famed yalis, elegant yet crumbling, that line the Bosphorus, Celile occupies a unique space between the old world of the Ottoman Empire and the new world of the Republic. She drifts through ten years of marriage, reserved even with her husband, never tempted to stray from the safe path of respectability. And then one night, intoxicated by a soulful tango, she is suddenly seized with a mad passion for another man, whose reckless pursuit of her should offend but doesn't. Torn between two men who want to possess her, Celile attempts to live a life true to herself, always keenly aware of the limits placed on her as a woman. In the Shadow of the Yalı marks the highly anticipated English-language debut of feminist writer and activist Suat Derviş. Her sensitive, strikingly modern portrayal of a love affair, with its frank emphasis on the influence of money, provides a fascinating contrast to classic tales of infidelity such as Anna Karenina and Madame Bovary.

When Orhan Pamuk won the Nobel Prize for Literature in 2006, he was honored as a builder of bridges across a dangerous chasm. By rendering his Turkish characters and settings familiar where they would otherwise seem troublingly foreign, and by speaking freely against his authoritarian state, he demonstrated a variety of literary greatness that testified also to the good literature can do in the world. Gloria Fisk challenges this standard for canonization as "world literature" by showing how poorly it applies to Pamuk. Reading the Turkish novelist as a case study in the ways Western readers expand their reach, Fisk traces the terms of his engagement with a literary market dominated by the tastes of its Anglophone publics, who received him as a balm for their anxieties about Islamic terrorism and the stratifications of global capitalism. Fisk reads Pamuk's post-9/11 novels as they circulated through this audience, as rich in cultural capital as it is far-flung, in the American English that is global capital's lingua franca. She launches a polemic against Anglophone readers' instrumental use of literature as a source of crosscultural understanding, contending that this pervasive way of reading across all manner of borders limits the globality it announces, because it serves the interests of the Western cultural and educational institutions that produce it. Orhan Pamuk and the Good of World Literature proposes a new way to think about the uneven processes of translation, circulation, and judgment that carry contemporary literature to its readers, wherever they live.
