Plantapon PSC "Performance Surfactant Composition" is the perfect solution for mild and economic alternative surfactant formulations. Plantapon PSC is unpreserved, E0 and SLES free and can be used for green, sulfate free body & hair cleansing concepts.

PLANTAPON PSC - Coptis Ingredients database

A 'green' liquid surfactant blend (Lauryl glucoside and Sodium lauryl glucose carboxylate) which can be used, typically at 10% in water as a 'principal surfactant' to make up a base for shower gel, body wash etc.. Has good foaming capabilities on it's own, also easily combined with foam boosters such as laureth-3 and Cocamide DEA and suitable preservative if necessary, to make up your own 'green' foaming liquid products.
