? Surveyors should list below all defects and recommendations discovered or made during survey. ? Two copies of this list should be completed and signed by both the surveyor and vessel's Master. ? One copy should be given to the Master and the other retained by the Surveyor. Use additional pages as necessary.

SHIP INSPECTION REPORT—The Shipowners' Club

From 20 February 2015 to 31 December 2015, condition surveys were undertaken on 241 vessels. As in previous years, the vessel types predominantly inspected were tankers and dry cargo vessels. This is because of the perceived inherent risk of pollution from tankers and cargo claims relating to hatch-cover issues on dry cargo vessels. In the offshore sector, the number of condition surveys has fallen on account of the nature of the incidents reported to the Club.

Ship Inspection Report The Shipowners

Ship Inspection Report The Shipowners Club

The Ship Inspection Report programme (SIRE) is a unique tanker and barge risk assessment tool used by charterers, terminal operators and government bodies to assist in the assurance of ship safety standards. First launched in 1993 to provide a standardised inspection format, with objective reports capable of being shared, it has now gained industry-wide acceptance as a benchmark for vessel inspections and standards.
